I have posted our 5 TSDs on the team room. I'm not sure I put them where you want them; I made a first try as a main entry under "Regional TSDs, then emptied that out but the system wouldn't let me delete it, but I put a new entry with our 5 TSDs as a new entry under "HQ Final Draft TSDs . . ."

Ex. 5 - Deliberative Process Privilege

Here they are emailed as well. They have been revised according to your instructions below.

Subject: SO2 TSD Changes

Hello everyone,

Please see the email below from Scott Mathias. Although we were specifically talking about WV's TSD, these are template languages. Therefore, we need to make these change in all of our TSDs. So, I need all of you to please revise your TSDs to reflect the these changes.

[REDACTED]

[REDACTED] *Ex. 5 - Deliberative Process Privilege* [REDACTED]

[REDACTED]

[REDACTED] *Ex. 5 - Deliberative Process Privilege*

Again, these changes will affect everyone. Please save your revised TSDs with the current date and email them to me as well as uploading them into the Teamroom under **"HQ Final Draft TSDs for Attachment to 120-Day Signed Letters"**. In the teamroom, replace your old TSD with your new one.

I am in the office tomorrow, so please don't hesitate to contact me if you have any questions or need help identifying what specific language we're referring to.

Thank you,

Rhonda Wright

Subject: Re: Steubenville SO2 TSD

The TSDs should not make any independent statements about the fate of areas not covered in the TSD. The TSD should focus solely on how we evaluated the areas that we are designating nonattainment. The 120-day letters and the communications that will accompany the rollout will provide the necessary messaging on how EPA is handling all other areas at this time. Please delete the entire sentence that you mention, and the one that follows the table, and the paragraph at the end of page 2 in the Designations Approach section (all shown below). Please ensure that these types of messages do not appear in any of the TSDs. Thanks for flagging this.

Subject: Steubenville SO2 TSD

Hi Scott,

Please take a look at the below statement. This statement is included in all of the SO2 TSDs in the "Summary" section on page 1.

[REDACTED]

Ex. 5 - Deliberative Process Privilege

[REDACTED]

I'm also including the Steubenville NAA TSD for your review.

This language is included in all of the TSDs as general text; therefore, If we make any changes I would need to notify all of the regions (that have TSDs) by COB today.
